

teddy bear

1 X 100'
feature film
drama/thriller

teddy bear is a psychological thriller about a serial killer conflicted with who he is and why he does what he does.

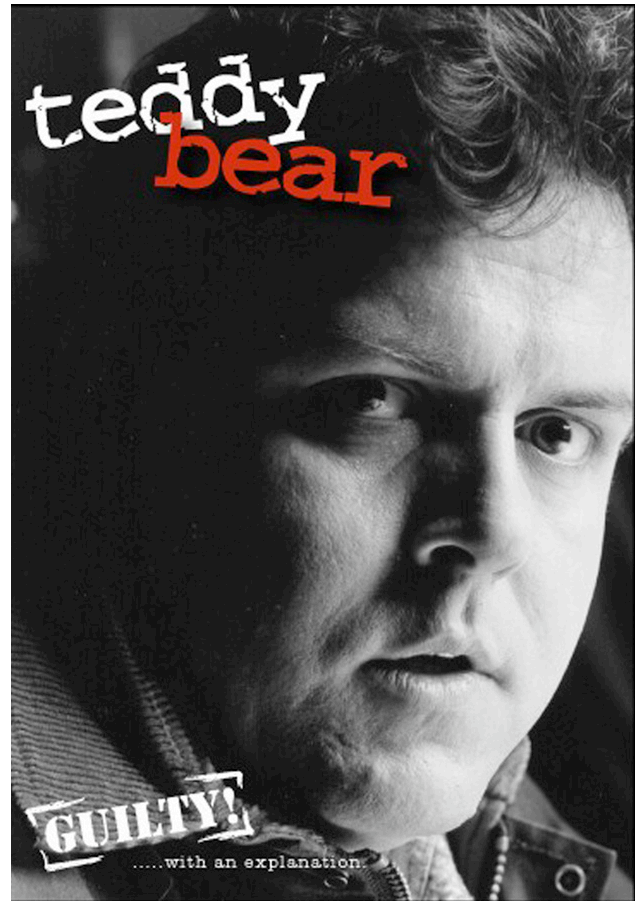

Ben Corisky is an everyman. He blends in. He's a good listener. He has a trusting, boyish face, a warm, inviting smile and an infectious charm. Women find him funny, and approachable. He works, visits his son and pays his child support when he can. He is also a serial killer and he's on a search for answers in the mind of a monster... himself.

Transitioning between emotional memories of his life, good and bad, and a self-taped confession, Ben gives a first person account of his struggle to be normal.

Suspenseful and scary at times, teddy bear is a realistic and uncompromising portrayal of a man enslaved by his psychotic urges.
